Labour unrest at the Ching Hwa (昌華) Glass
Factory, 1427 Gordon Road.

At 11.30 a.m. 11-9-41 a telephone message was
received from the management of the above company stating
that there was labour unrest among the workers.

S.I. Zeng Woo, S.I. Tsao Tse Tuh, C.D.C. 145 and the
undersigned attended when the following was ascertained.

The manager, Mr. Zee Zau Wo (徐肇祿), had decided
to suspend the services of 33 apprentices, this action
being made necessary on account of the recent electric
power cut.

The workers had been offered 3 months pay by the
manager, but they refused some demanding that they should
receive 5 months pay, however, the management refused
their demands whereupon the apprentices stated that they
would not leave the factory until their demands were
needed.

However, through the mediation of the Police, the 33
apprentices accepted the management's terms and were at
3 p.m. 11-9-41 paid off without creating further trouble.
